

## H<sub>2</sub>GO Drinking water bottle

**Congratulations on purchasing our H+ water flask.**

**We are sure it will give you years of satisfaction.**

The pod is refillable and the Ceramet ceramics will last 12 months.

Do **NOT** twist the pod unless you want to change the beads, as it will separate and the Ceramet beads will fall out.

Fill with water and wait 5 minutes for the hydrogen to infuse.

Do not place in microwave. Not dishwasher safe.

Wash in warm water – rinse pod under fast flowing water.
